GUARD YOUR DEBIT CARD

Fraud transactions on debit cards is rampant. You could be obligated for \$50 loss if your number is stolen. Here are some suggestions for guarding yours.

*Never swipe your card like a credit card. Pick debit and use your pin number.

*When traveling use your pin number.

*Don't use it on the internet. Use a credit card only.

*Always know where your debit card is and in your line of sight. Make the vendor do the transaction in front of you so you can use your pin.

* If you lost it or it is stolen let us know right away, it will prevent charges on the card. We have a monitoring system that can pick up fraud. Call 1-888-918-7882 to report your card number.

These suggestions will not prevent all fraud but, it will prevent most fraudulent transactions.
